

Turki al-Hamads explosive novel Adama became an unlikely bestseller in the Middle East, selling more than 20,000 copies despite being officially banned in several countries, including the authors native Saudi Arabia. A compelling coming-of-age story, it also offers a rare and stunning inside look at the hidden roots of dissent in the modern Arab world. In his tranquil middle-class neighbourhood, eighteen-year-old Hisham doesnt quite fit in. Hes a budding philosopher who spends his days reading banned books and developing his political ideals. His Saudi Arabia is a nation embroiled in internal conflict, torn between ancient tradition and newfound prosperity. Hisham finds himself caught up in the struggle for change, devoting more and more of his time to a shadowy group of dissenters even as he questions both their motives and methods. The result is an intense showdown between Hishams love for his family, his firmly held philosophies, and his yearning for social justice. He awakens to passions both private and political, coming to grips with the paradoxes of a conservative land where illicit pleasures co-exist with the apparatus of a merciless state. I loved this book, which exposes the secrets of the inner and the outer life of the people of Saudi Arabia and made them vividly real to me; writing this book was a great act of courage. Maggie Gee Adama is not only a warm, funny and fascinating book, it is also a very brave one. It deserves to be read. The Times Al-Hamad has written a charming and involving coming-of-age tale. Always humane and often humourous, Adama has much to say about the foibles of the adolescent mind. Boyd Tonkin, Independent

Life in Utah, or the Mysteries and Crimes of Mormonism: Being an Expose of the Secret Rites and Ceremonies of the Latter-Day Saints (Classic Reprint), The Sect: The Windgate: The School of Ministry, Book 1, Yearbook of the United Nations: Vol. 49, 1995, Children and Autism, One Hundred Short Escapes,
