

Unassuming law student Sadie Pratt leads a quiet life immersing herself in her books; outside of school, her only real form of excitement is researching the local flour mill and her link to its terrible history. That all changes one fateful night when her employer requests she meet with a mysterious client who will change her life in an unthinkable way. Vincent Strickland has toured the country attempting to regain his holdings after serving a punishing sentence for his violent past. He is out for revenge when his path unexpectedly crosses Sadie's, who he believes is his former lover reborn. He will stop at nothing to possess her. Fallen deity Thayer Aubade has dedicated his life to The Creed, a secret sect charged with protecting the innocent from monsters like Strickland. When his team is dispatched to rescue Strickland's latest victim, the scene he discovers feels all too familiar and he vows he won't play by the rules this time. Desire, possession, and treachery lead Sadie down a crooked path to redemption. She must rely on her intellect and inner strength for her survival... and for that of the man she loves.
